June 11th, Monday - Zoo Trip-Toledo Zoo - This will be an all day trip with the children arriving at 9:00 am and being pick up at 2:30 pm. Permission slips will come after Memorial Day. Several people have mentioned they would like to chaperone. An email is a helpful way for me to write it down. At this point I have Morgan's Dad, Bill on my list and remember somebody saying something to me sometime but obviously it didn't stick. Please send me an email!!!

## Upcoming Field Trips and Events

June 4th, Monday - Kindergarten Family Picnic - In addition to the all-school events the Kindergarten classes are gathering for an end of the year potluck. This will be an evening event at **Delhi Metro Park** on Delhi Road near Huron River Dr. We will be gathering at between 5:30 and 6:00 and eating at 6:00 PM. Please bring a dish that serves at least 12 people to share.

Last names A-E Dessert

Last names F-K Main Dish

Last names L-Z Side Dish

If you would rather bring two or three gallons of beverage and cups please let me know by email or note.

Bring your own place settings for your family, including plates and utensils. There are many picnic tables and lots of grass if you bring a tablecloth or blanket. Fisbees and ball games can be fun in addition to the playground.

Looking forward to a chance to get together with all the families as the year draws to a close!

## Readying the Class Garden

The garden space outside the classroom needs some elbow grease to get it ready for planting. Our plants are ready to go in the ground as soon as the soil gets turned. Ellen has

agreed to do some work preparing the soil and getting the mulch but other people to help with this process would be welcome. Let me know if you are willing to lend some time and people power.

## Book Room Organization

The K,1,2 teachers have received some new books and they need to be organized. If you would be able to spend some time after school we might be able to find an afternoon when someone could watch

the kids play and several others might be able to do the organizational work of labeling and sorting. Let me know if you might be able to help and we will look for a date.
